Page 33, "Irish Junkers mystery".

Dear Sirs,

Please pass on this letter to the WRGI.

I like to solve the mystery of the JU 88 and the crew.  
So now I start my investigations here in Germany.

Of course there are great difficulties because I do so the  
very first time of my life; but I try.  
I beg you to give to me the adress of WRGI so that I am able  
to contact them directly.

I will write again as soon <sup>as</sup> I have further information.  
On the other hand I like to receive your information without  
delay if you are successful with your investigation. In this  
case it is not necessary to continue my time consuming research.

Basically I am prepared to help every Fly Past reader in case  
of things which will touch any kind of german aviation.

I would like if you would give an information about this offer  
to the readers in one of the next Fly Past issues.

Yours faithfully

  
-Rolf Hölterhoff -
